Josiah Chan - Discovery Mind Play Centre & Kindergarten Discovery Bay

“ My daughter began attending DMK in the second term of K2, after a challenging experience at a previous kindergarten where her aggressive behaviour towards her peers led to her being isolated from the class most of the time. When that school told us they lacked the necessary expertise and resources to help her, we were left heartbroken.

However, a fresh start at DMK has made all the difference. Here, she has always been treated as an integral part of the class. There have been struggles from time to time, but the loving support from the school principal, head teacher, and her class teachers has resulted in substantial improvements in her social skills and interactions with her classmates. Moreover, we have maintained regular dialogue with the school, working together as a team to track her progress and decide on next steps. We feel confident that she is in good hands.

In an era where our education system is increasingly commercialized, we feel incredibly fortunate to have found a school willing to go the extra mile to assist those with special needs, guide them through difficulties and provides them with the best opportunities to shine in the future.

We would like to express our sincere thanks to Miss Kabeeta, Miss Joyce, Miss Uma, Miss Candy, and all the wonderful teachers and staff at DMK for your love and support for our daughter. Your dedication and efforts have made a remarkable difference and we are truly grateful. ”
